Dynamite's Evil Plans Unveiled

It's been slightly more than two years since Dynamite announced its acquisition of Chaos Comics and its library of characters. Rather than flooding the market with a number of hasty projects, however, the publisher has taken the time to find just the right creative teams for their Chaos projects. This fall, fans will enjoy the results when Dynamite unveils ***Evil Ernie,*** produced by the creative team of *Jesse Blaze Snider & Jason Craig.*

"It was pretty clear from our first meeting with him, that Jesse would have done *anything* to write this book; and that kind of passion and dedication—along with his writing chops, of course—go a long way to making this one of our most anticipated launches of this year," Dynamite Editor *Joe Rybandt* said.

"With Dynamite's Chaos characters, we are in possession of some of the most frightening horror characters in comic book history," Dynamite *publisher Nick Barrucci* added. "And Evil Ernie is possibly being the most iconic of the Chaos! characters!"

Snider explained how he came on board as Ernie's storytelling maestro. "Dynamite had approached me a while back about working on ***Project Super Powers*** with *Alex Ross*. Apparently, Nick and Alex had read the ***Hulk*** one-shot I wrote for Marvel and were impressed with it. Problem was, they weren't ready to move forward with any more ***Project Super Powers*** at that time— but they *were* looking for another project for me while they waited for ***Project Super Powers*** to get sorted out. When I heard they'd acquired the rights to Chaos—and more importantly, to ***Evil Ernie***—I wrote a pitch for the series immediately and sent it straight to Nick."

Snider's interest in Ernie predates his professional career, dating back to his early years as a comic book reader. "There was something *relatable* for me in Ernie. I never really related to Peter Parker, but a zombie, headbanger with a chip on his shoulder made perfect sense to me. Plus, when I was younger—and to this day—I really liked funny characters ,and Smiley the psychotic button cracked me up. Not necessarily his jokes, but just the insanity of invention. A talking button with a foul mouth. It shouldn't have worked—but it just did!

"That was really the pull of Chaos for me: none of their books *should* have worked, but they were all so earnestly anarchic. They didn't care what you thought of them—they were what they were, and they reveled in it!"

Landing the gig as writer of the relaunched ***Evil Ernie*** was important to Snider, who wanted to make sure that the new series didn't lose the manic energy of the original. "We're definitely staying true to the spirit of the character, but those who want a little more substance from your Heaven & Hell opus are going to be surprised by the powerful concepts and ideas that serve as the bedrock of this new series...and this new Chaos Universe."

Is Snider treating the original ***Evil Ernie*** stories as canon, or is he reinventing the character with this new series? "This is a *total* reinvention! Thematically similar, but this is a restart. Since the Chaos deal did not include Lady Death, we had to completely reinvent the universe—because, let's face it, Lady Death was a crucial part of the original Chaos Universe; all of the other properties, including Ernie, were intertwined with her series. So, while there will be brushes with characters and things from the original series, overall this is a brand new beast."

Just what *is* the backstory of the new ***Evil Ernie?*** "In our series, Ernie is a good soul who has suffered a horrible life. He prayed to God for salvation from his horrid upbringing every day... until one day he gave up and asked the Devil for help instead. Ernie sold his soul to the devil for the power to punish his abusers and make the world a better place.

"In order to receive this power, Ernie had to perform a ritual where he sacrificed his entire town. His final victim was meant to be his foster father and primary abuser, Buford King. But Buford survived Ernie's attempted murder and Ernie's ritual was never finished. Now, years later, Ernie is about to be put to death for his hideous crimes—and his foster father is front row for his execution, smiling in Ernie's face. What do you thinks gonna happen when they flick that switch? Find out in ***Evil Ernie #1!***

"There's a lot more to it then that, of course: this is an examination of nature versus nurture. It's an answer to the questions, 'Why do the good die young? And why God seems to take such little interest in our prayers?' It's about the fine line between good and evil... and I'm enjoying the hell out of writing it!"

Snider is optimistic that his run on ***Evil Ernie*** will go far beyond this first story arc. "I have long term plans for Ernie—like issue 100 kind of long term plans—that I doubt I'll ever write, but its really up to the marketplace. If people respond to the book and there's a demand for what I'm doing, then I'll keep going. Hopefully it connects with people. I've put more work into getting this right, then on anything I've ever worked on. Let's hope people notice!"

Evil Ernie #1, a $3.99 comic slated for October release, while be offered with covers by *Ardian Syaf, Nick Bradshaw, Tim Seeley,* and *Dan Brereton;* in addition, Dynamite will offer a 1-for-10-copy *Tim Seeley* black and white incentive cover, a 1-for-25-copy *Nick Bradshaw* black and white incentive cover, and a 1-for-35 *Joe Quesada* classic ***Evil Ernie*** incentive cover.

Out of the Shadows

Last week, *CSN* told you that Valiant Entertainment had another title set to launch later this year—and now we can tell you what that title is!

November will see the debut of Valiant's new ***Shadowman*** series, written by *Justin Jordan* and illustrated by *Patrick Zircher,* with covers by Zircher, *Dave Johnson,* and *Bill Sienkiewicz.*

"***Shadowman*** is one of the most popular characters in the Valiant Universe, and the fans have been asking me since day one when he's going to return," Valiant Executive Editor *Warren Simons* said. "Justin and Patrick have put together an action-packed debut that also adds an incredibly important new dimension to the Valiant Universe. And as Patrick's pages clearly demonstrate, he's one of the finest artists working in the medium today. We've got an amazing team at the helm of our fifth ongoing launch and I can't wait for the first issue to hit the stands."

"There are a million dreams in the Big Easy," Valiant's marketing and communications manager *Hunter Gorinson* said in describing the series. "But now its worst nightmare is about to come true. As the forces of darkness prepare to claim New Orleans as their own, Jack Boniface must embrace the legacy he was born to uphold. As Shadowman, Jack is about to become the only thing that stands between his city and an army of unspeakable monstrosities from beyond the night. But is the mantle of Shadowman a blessing or a curse? And what is the true cost of his otherworldly power?"

Look for ***Shadowman #1,*** the fifth title in the new Valiant relaunch, in mid-November.
